OUR
SOURDOUGH
BREAD

Our sourdough bread is made with only three ingredients: organic flour, water, and salt. There is no need for yeast, artificial ingredients, and preservatives. Our natural sourdough starter (made from organic flour and water) is all that is needed to create the beautiful rise in our bread. Using artisan bread making techniques and allowing plenty of time for our dough to naturally ferment, we bake breads that are not only delicious but healthy for you. We hope you enjoy the deep, complex aroma and sophisticated taste of our bread.
